

SUMMARY

Unicity Soothe is a great-tasting, refreshing beverage containing natural ingredients that work to help soothe and ease occasional minor digestive issues. The main ingredients are Aloe Vera and noni fruit—with ginger, yerba mate, licorice, and broccoli acting as supporting ingredients.

Aloe Vera was used both internally and externally by the ancient Egyptians for a variety of uses to support good health. The aloe plant is a nutritional powerhouse with over 75 active elements, including vitamins, enzymes, minerals, amino acids, and more.

Just as aloe has been used for thousands of years because of its healthy skin properties, it has also been found to help soothe the gut.¹ A poor diet, food allergies, and a sedentary lifestyle are all things that can lead to digestive issues.²

Noni fruit has been found to help support a healthy digestive system.⁴ Additional studies on noni juice have also shown that it can help maintain important aspects of your immune system.³ Noni is powerpacked with antioxidants and nutrients which help maintain overall health.

Unicity Soothe is a delicious way to help keep your stomach happy.
